

TechNova Solutions

Company Knowledge Base & Product Manual

Version 3.2 | Q2 2025 | Internal & Customer Use

This document serves as the official knowledge base for TechNova Solutions. It covers company background, product details, pricing, policies, technical specifications, and frequently asked questions. It is designed to be ingested by AI chatbot systems to enable accurate, context-aware customer support.

1. Company Overview

About TechNova Solutions

TechNova Solutions is a cloud-software company founded in 2015, headquartered in Bengaluru, India, with regional offices in Mumbai, Delhi, and Singapore. The company specialises in AI-powered business automation, SaaS productivity tools, and enterprise data platforms. As of 2025, TechNova serves over 12,000 businesses across 40 countries and employs approximately 3,400 professionals globally.

Mission & Vision

Mission: To democratise intelligent automation so that businesses of every size can compete in the digital economy.

Vision: A world where repetitive work is handled by machines, freeing humans for creative and strategic thinking.

Key Milestones

Year	Milestone
2015	Company founded; first product FlowDesk launched
2017	Series A funding of \$8 million; expanded to Southeast Asia
2019	Launched NovaBrain AI engine; crossed 1,000 enterprise clients
2021	IPO on NSE; acquired DataPulse Analytics
2023	Launched NovaCloud Platform; opened Singapore office
2025	12,000+ clients; recognised in Gartner Magic Quadrant for iPaaS

2. Product Portfolio

FlowDesk

Workflow automation & task management suite for SMBs and enterprises. Includes drag-and-drop pipeline builder, approval workflows, SLA tracking, and over 300 pre-built integrations with tools like Slack, Salesforce, and Google Workspace.

NovaBrain AI

The company's proprietary AI engine powering intelligent document processing, predictive analytics, and natural-language query interfaces. NovaBrain supports Hindi, Tamil, Marathi, and 18 other languages alongside English.

NovaCloud Platform

A fully managed cloud infrastructure layer offering compute, object storage, managed databases, and serverless functions. Compliant with ISO 27001, SOC 2 Type II, and India's PDPB (Personal Data Protection Bill).

DataPulse Analytics

Business intelligence and real-time analytics dashboard. Connects to 150+ data sources; supports custom KPI tracking, cohort analysis, and automated weekly insight reports delivered to email or Slack.

NovaAssist Chatbot

An embeddable, document-aware AI chatbot for customer support and internal helpdesks. Ingests PDFs, Word documents, and web pages to provide accurate, cited answers. Supports live agent handoff and CSAT scoring.

3. Pricing Plans

All plans are billed in INR. Annual billing receives a 20% discount. Prices shown are monthly equivalents (annual billing).

Plan	Price (INR/mo)	Users	Storage	AI Credits/mo	Support
Starter	■1,499	Up to 5	10 GB	5,000	Email
Growth	■4,999	Up to 25	100 GB	25,000	Email + Chat
Business	■12,999	Up to 100	500 GB	100,000	Priority 24/7
Enterprise	Custom	Unlimited	Custom	Unlimited	Dedicated CSM

Add-ons: Extra AI Credits — ■499 per 10,000 credits. Additional storage — ■199/GB/mo. Custom NovaBrain model fine-tuning — quoted separately.

4. Technical Specifications

System Requirements (FlowDesk Desktop Agent)

Component	Minimum	Recommended
OS	Windows 10 / macOS 12 / Ubuntu 20.04	Windows 11 / macOS 14 / Ubuntu 22.04
RAM	4 GB	8 GB or more
CPU	Dual-core 2 GHz	Quad-core 2.5 GHz+
Disk	2 GB free	10 GB free (SSD preferred)
Network	5 Mbps	25 Mbps broadband
Browser	Chrome 110+ / Firefox 110+	Chrome 124+ / Edge 124+

API & Integration Details

TechNova provides a RESTful API and GraphQL endpoint for all products. Authentication uses OAuth 2.0 with JWT tokens (expiry: 24 hours). Rate limits apply: Starter — 500 req/min; Growth — 2,000 req/min; Business — 10,000 req/min; Enterprise — custom. Webhooks support real-time event push to any HTTPS endpoint.

Data & Security

- All data encrypted in transit (TLS 1.3) and at rest (AES-256).
- Data residency options: India (Mumbai region), Singapore, EU (Frankfurt).
- Multi-factor authentication (MFA) enforced for all admin accounts.
- Role-Based Access Control (RBAC) with granular permission sets.
- SOC 2 Type II and ISO 27001 certified. Annual third-party penetration testing.
- GDPR and India PDPB compliant. Data Processing Agreements (DPAs) available on request.
- Audit logs retained for 12 months; exportable in JSON or CSV.

5. Policies

Refund Policy

Monthly subscriptions may be cancelled at any time; no prorated refund is issued for the remaining days of the billing cycle. Annual subscriptions cancelled within 14 days of purchase are eligible for a full refund. Cancellations after 14 days of an annual plan receive no refund but retain access until the end of the paid period. Enterprise contracts follow terms specified in the signed MSA.

SLA & Uptime Guarantee

Plan	Uptime SLA	Response Time (P1)	Credit if Breached
Starter	99.5%	8 business hours	10% monthly fee

Growth	99.7%	4 business hours	15% monthly fee
Business	99.9%	1 hour (24/7)	25% monthly fee
Enterprise	99.99%	15 minutes (24/7)	Up to 50% monthly fee

Data Deletion Policy

Upon account cancellation, customer data is retained for 30 days to allow export. After 30 days, all data is permanently deleted from production systems within 7 days and from backup systems within 90 days. A deletion certificate can be requested.

6. Frequently Asked Questions (FAQ)

Q: How do I reset my password?

A: Go to the login page and click 'Forgot Password'. Enter your registered email address and you will receive a reset link within 2 minutes. The link is valid for 30 minutes. If you do not receive the email, check your spam folder or contact support@technova.in.

Q: Can I upgrade or downgrade my plan at any time?

A: Yes. Plan upgrades take effect immediately and you are billed the prorated difference. Downgrades take effect at the start of the next billing cycle. To change your plan, go to Settings > Billing > Change Plan in the dashboard.

Q: Does TechNova offer a free trial?

A: Yes. All plans include a 14-day free trial with full feature access and no credit card required. After 14 days, you can choose a paid plan or your account moves to a read-only state until you subscribe.

Q: Which file formats does NovaAssist Chatbot support for ingestion?

A: NovaAssist can ingest PDF, DOCX, PPTX, XLSX, TXT, Markdown, HTML, and CSV files. Maximum file size is 50 MB per file; up to 500 documents per knowledge base. Web page crawling (up to 200 URLs) is also supported on Growth plans and above.

Q: Is there an offline mode?

A: The FlowDesk Desktop Agent caches workflows locally and can execute previously downloaded automations offline. However, any step that requires an API call (e.g., sending emails, querying databases) will queue and execute once connectivity is restored. NovaBrain AI features require an active internet connection.

Q: How are AI credits consumed?

A: AI credits are consumed per API call to NovaBrain features. Document summarisation uses ~50 credits per page. Chatbot queries use ~10 credits each. Data extraction from structured documents uses ~30 credits per page. Credits reset on the first of each billing month and do not roll over.

Q: What integrations are available?

A: TechNova integrates with 300+ apps including Google Workspace, Microsoft 365, Slack, Salesforce, HubSpot, Zoho CRM, Tally, SAP, Jira, GitHub, Stripe, Razorpay, and WhatsApp Business API. Custom integrations can be built using the REST API or our Zapier connector.

Q: Where is my data stored?

A: By default, data for Indian customers is stored in the Mumbai (ap-south-1) region. Customers on Business and Enterprise plans can choose their preferred data residency: India, Singapore, or Frankfurt (EU). Data residency changes require a support ticket.

Q: How do I contact support?

A: Support channels vary by plan: Starter — email (support@technova.in, response within 8 business hours). Growth — email + live chat (Mon–Fri, 9am–9pm IST). Business — 24/7 phone, chat, and email with 1-hour P1 SLA. Enterprise — dedicated Customer Success Manager plus a private Slack channel.

Q: Does TechNova have a mobile app?

A: Yes. FlowDesk and DataPulse are available on iOS (App Store) and Android (Google Play). The apps support task management, approvals, dashboard viewing, and push notifications. Full automation building is currently desktop/web only.

Q: Can I export all my data?

A: Yes. You can export all your data from Settings > Data Management > Export. Supported export formats are JSON, CSV, and PDF. Large exports are processed asynchronously and delivered to your email within 1–4 hours.

Q: What happens if I exceed my AI credit limit?

A: AI-powered features will pause until the next billing cycle or until you purchase additional credits. You will receive email alerts at 80% and 100% usage. Auto top-up can be enabled in Settings > Billing > AI Credits.

7. Glossary of Terms

Term	Definition
AI Credits	The unit of consumption for NovaBrain AI features. Each plan includes a monthly allocation.
CSM	Customer Success Manager — a dedicated TechNova representative for Enterprise accounts.
DPA	Data Processing Agreement — a contract specifying how personal data is handled.
iPaaS	Integration Platform as a Service — cloud-based tools that connect disparate applications.
Knowledge Base	A collection of documents ingested by NovaAssist Chatbot to answer user queries.
MFA	Multi-Factor Authentication — an extra security step beyond password login.
MSA	Master Service Agreement — the overarching contract for Enterprise customers.
PDPB	Personal Data Protection Bill — India's data privacy legislation.
P1 Incident	Priority 1 — a critical system outage affecting all users.
RBAC	Role-Based Access Control — restricting system access based on user roles.
SLA	Service Level Agreement — a commitment to a defined level of service uptime.
Webhook	An HTTP callback that delivers real-time event data to an external URL.

8. Contact & Support Directory

Department	Email	Phone
